

Productinformation

4091

4091 Folding table

The table 4091 has a distinct, starkly restrained outline. The optical separation of table top and main frame (achieved through the insertion of spacers) emphasizes the delicacy and airiness of the design. The four tubular steel legs run flush with the edges of the table top, creating a single line of view and a unified composition. Due to their shared design vocabulary, the tables from the 4090 series and the model 4091 folding tables can be freely combined with each other in a wide range of applications.

Areas of use

RESTAURANTS + FINE DINING | SEMINARS + CONFERENCES | CAFETERIAS + STAFF CANTEENS | MULTIFUNCTIONAL USE | HEALTHCARE SERVICES | COMMUNITY CENTRES AND INDOOR ARENAS |

Frame

4-foot frame, foldable. Frame consisting of two U-shaped side elements from Ø 35 x 2 mm tubular steel, mitre-welded. The fittings for the folding mechanism are screw-fastened to the table top. Locking device integrated into the metal guide rail, wear resistant, trip lever from Ø 8 mm tubular metal, movably mounted. Black plastic stack protection fittings are integrated into the inside of the frame. These fittings are screw-fastened and can be easily replaced.

Frame surface

Standard version: chrome-plated, optionally powder-coated according to the BRUNE® collection.

Table tops

Plate C: 30 mm thick, high-quality multi-layer plywood plate E1, top surface optionally covered with HPL plastic or wood veneer according to the BRUNE® collection. Lower surface white HPL or beech veneer. Straight edge, 2 mm thick, in material to match table top (plastic for plastic, veneer for veneer).

Plate D: 30 mm thick, 28 mm thick high-quality multi-layer plywood plate E1, top surface optionally covered with HPL plastic or wood veneer according to the BRUNE® collection. Lower surface white HPL or beech veneer. Edge with solid beechwood edge band, smooth finish, 9 mm thick.

Plate E: 30 mm thick, 28 mm high-quality multi-layer plywood board E1, coated in high-pressure laminate (HPL) or veneer according to the BRUNE® collection. Lower surface: white HPL or beech veneer. Edge: solid beech edge band, crowned, 9 mm thick.

Finish of solid edges and veneer

Real wood veneer from the BRUNE® collection comes as a standard varnished with a low solvent content water-based lacquer, optionally stained to the BRUNE® collection.

HPL surfaces

Resopal®-HPL from the BRUNE® collection.

Gliders

Standard version: Plastic gliders
Optionally: Plastic gliders with height adjustment screws

Dimensions

Table Height: 75 cm (+ 5 mm with height adjustment screws)
Table legs can be shortened on request (for an additional fee).
