

Product Information

ENDLESS TABLE

Design BRUNE[®]

ENDLESS TABLE | Model 4550

ENDLESS TABLE – The name says it all! With this conference table no wishes remain unfulfilled. Whether for a small or large conference room, this table adapts to the size of the room. Filigree columns are used as a connecting element for large table configurations that ensure maximum legroom. Optional media technology and cable management systems are available.

Areas of use

SEMINARS + CONFERENCES

Frame

Columns (optional with integrated cable management) of square tubes 100 x 100 x 2 mm, with a rectangular steel baseplate 700 x 120 mm chrome plated or black powder-coated, powder-coated to BRUNE® collection and weighted plate made of steel, powder-coated. Comes with height adjustable floor slides. Upper frame with profiled screw plate 400/400 x 12 mm for mounting the table top using special screws. At HPL, screw plates are in a standard powder-coated white; and with veneer with a standard powder-coated black.

Frame surfaces

Column and base plate have a chrome finish as standard, in black or optionally powder-coated according to BRUNE® collection.

Table Tops

Plate C: 40 mm thick, high-quality multi-layer plywood plate E1, top surface optionally covered with HPL plastic or wood veneer according to BRUNE® collection. Lower surface white HPL or beech veneer. Straight edge, 2 mm thick, in material to match table top (plastic for plastic, veneer for veneer).

Veneer finish

Real wood veneer from BRUNE® collection comes as a standard varnished with a low solvent content water-based lacquer, optionally stained to BRUNE® collection.

HPL surfaces

Resopal®-HPL from BRUNE® collection.

Gliders

Plastic gliders with height adjustment.
